BACHELOR OF APPLIED SCIENCE
ORGANIZATION AND PROJECT MANAGEMENT
APPLICATION FOR ADMISSION

To be accepted into the Bachelor of Applied Science Organization and Project Management program, **a student must have obtained an associate degree in any subject/field from a regionally accredited college/institution with a minimum 2.0 grade point average.**

Although not required for acceptance, students transferring from a school outside of the Nevada System of Higher Education are required to complete US and Nevada constitutions to complete this degree. All students must complete NSHE general education requirements for a bachelor's degree if not completed within the student's associate degree, including:

- English 102 – 3 credits
- Math 120 or higher – 3 credits
- Natural Sciences, to include at least one laboratory experience – 6 credits
- Social Science or Humanities/Fine Arts – 9 credits

A list of classes fulfilling these general education requirements, and all program requirements are listed in the WNC catalog or program guide.

Students will be informed of their admission status by email. The processing time is approximately 4-6 weeks upon receipt of this application and transcripts or training materials to be evaluated. Students who have no transfer credits or who have already had a transfer credit evaluation completed for this degree should receive notification of their admissions status within 2-3 weeks. Once approved, students may register for upper division classes for this program.

Students accepted into this program will have their major/emphasis changed to the Bachelor of Applied Science in Organization and Project Management under the catalog year for program admission.
