

COURSES

PDF EARLY CHILDHOOD EDUCATION

ECE121 Parent Care Relations 1 Credit

Helps students acquire various communication skills to enhance parent/caregiver relationships. Covers interpersonal communication, listening skills and cooperative problem solving.

ECE122 Observation Skills 1 Credit

Provides parents and teachers various formal and informal methods to enhance their observation and assessment skills. Discussion includes methods for use with developmentally delayed children.

ECE123 Health & Nutrition for the Young Child 1 Credit

Examines the health and nutritional needs of young children. Develops skills in menu planning, selecting safe equipment and toys, routines to ensure good health and policies on illness.

ECE129 Environment for Infant/Toddler 1 Credit

Helps students choose equipment and materials to create a physical environment which is responsive to the infant/toddler total development. Staff considerations and time schedules will be explored.

ECE154 Literature for Preschool Children 1 Credit

Surveys books for use with preschool children. Includes techniques of storytelling and reading to children.

ECE155 Literacy and the Young Child 1 Credit

Emphasizes activities and materials for developing auditory and visual perception and other reading readiness skills in the preschool.

ECE156 Music in the Preschool Curriculum 1 Credit

Outlines activities and materials for teaching music in the preschool, including songs, dances and rhythm activities.

ECE157 Art in the Preschool Curriculum 1 Credit

Describes activities and materials for teaching art in the preschool, including creative development and enjoyment of art through various materials and activities.

ECE168 Infectious Diseases and First Aid 1 Credit

Provides information about infectious diseases and first aid measures in the child care setting. Course content will include recognizing communicable and acute illnesses, management of accidents and injuries, preventive measures, health education, current research, and community resources.

ECE200 The Exceptional Child 3 Credits

Surveys the characteristics and specific needs of special children. Emphasizes teaching and

behavioral management as well as available support services.

ECE204 Principles of Child Guidance 3 Credits

Studies effective communication with children in guiding behavior. Emphasis will be placed on techniques which help children build positive self-concepts and individual strengths within the context of appropriate limits and discipline. The study includes uses of direct and indirect guidance techniques as well as introduction to guidance systems.

ECE231 Preschool Practicum: Early Childhood Lab 1-4 Credits

Prerequisites: ECE 251 or consent of instructor
Allows students to work directly with young children under supervision of a master teacher for three hours per week per credit. Students will contract with the instructor and supervisor for completion of projects. Projects will be related to such areas as routines in the preschool, advanced curriculum planning and implementation, or communication techniques with parents. Lesson plans will be completed and carried out with children.

ECE240 Administration of Preschool 3 Credits

Prerequisites: ECE250
Studies principles and practices in supervision and management of preschool and child care centers, including program planning, organization, budgeting, personnel records, relationships with community resources, regulatory agencies and working with parents.

ECE250 Intro to Early Childhood Education 3 Credits

Introduces students to early childhood education. This course includes the history of child care, regulations, types of programs, legal issues, professional opportunities and current trends and issues. Emphasis is placed on the role of the preschool teacher in enhancing the social, emotional, physical and intellectual growth of preschool-aged children.

ECE251 Curriculum in Early Childhood Education 3 Credits

Prerequisites: ECE 250
Considers methods of planning and teaching curriculum for children 3-5 years old. Included will be curriculum development, children's play, lesson planning, and daily scheduling. Emphasis will be on curriculum development for children 3-5 years old in areas such as art, science, literature, music, language arts, block, dramatic play, etc.
