<b>Summary of Discussion</b>		
<b>Assignment s/Potential Agenda Items</b>		
<b>Agenda Topic</b>	AS Program Review Results-Math 181	
<b>Action Taken</b>	Request is tabled until February as faculty will be given the opportunity to review first.	

<p><b>Summary of Discussion</b></p>	<p>Dianne proposes 6 credits of Math 126 or higher.</p> <p>Amy asks what percentage of students need Math 181, such as engineering majors.</p> <p>Scott mentions an all faculty review of proposed change before taking a vote as this has been done in the past.</p> <p>Conversation comes up about ensuring students access advising and follow transfer agreements to take the correct Math for their eventual major if the requirement changes.</p> <p>Although WNC could make program guide changes for the AS for 2022-23, it may not perfectly match transfer agreements as their deadline was December 2021.</p>

<p><b>Agenda Topic</b></p>	<p>Update Course Outlines on the Website</p>
<p><b>Action Taken</b></p>	<p>Information Only</p>
<p><b>Summary of Discussion</b></p>	<p>Math 120 and Math 126 have still not been updated on the website.</p> <p>Dianne speaks to the way the process has been with her office doing part of it in Peoplesoft and the rest going to the webmaster for the website. There seems to be a disconnect for the Course Outlines being fully accurate on the website.</p> <p>Various ideas were discussed on how to resolve the issue. It will be discussed in the future as we figure out who is going to be the webmaster since Ryan Swain is leaving and what type of access might be allowed if specific curriculum members assist.</p>
