

WESTERN NEVADA COLLEGE CONTINUING EDUCATION

Do you have skills or knowledge that the Carson City or Fallon community needs?

A niche area of expertise that isn't currently being taught in the area?

An idea that will get people excited to learn?

Are you a real-life influencer who always has folks telling you, "You should teach a class!"?

Then we're looking for you!

The Continuing Education Department at Western Nevada College is seeking proposals for Community Education courses from July-December 2025, and for College for Kids for summer 2025. We're looking for folks who can help us meet the needs of our community for skills and knowledge in a way that inspires learning. We love creative ideas - maybe you can teach a Bob Ross-style watercolor class, or you have the key to surviving the zombie apocalypse, or maybe you really do know how to do underwater basket weaving. Whatever it is, if you're ready to share it with the community, we want to hear from you!

What's in it for you?

We provide you with space on our beautiful campus (including state-of-the-art teaching tech), handle the logistics of getting students registered for the course and share your course with our network. (And yes, we pay you - 60% of the course registration fees we collect!)

What's in it for us?

We get to include the very best our community has to offer - you - in providing innovative educational pathways for the students and communities of Northern Nevada!

Please see our proposal form for more information. If you have questions, visit www.wnc.edu/continuing-education, call (775) 445-4210, or e-mail conted@wnc.edu. Proposals are due on September 9.
