

WESTERN NEVADA COLLEGE CONTINUING EDUCATION

Are you a K-12 teacher in Fallon or Carson City?

Are you looking for a way to make some extra income over the summer?

Do you have the organizational skills to create a weeklong summer camp for kids?

Is there something you wish you could fit into your school-year curriculum that you just don't have room for?

Then we're looking for you!

The Continuing Education Department at Western Nevada College is seeking proposals for College for Kids courses for June-August 2025. We're looking for folks who can create and execute a fun and safe week-long educational camp for kids. We love teachers who have a passion for a specific topic and want to share that passion with kids in our community. The week, age range of participants, and topic are all up to you! We are looking for instructors who can run courses from 9 AM-4 PM.

What's in it for you?

We provide you with space on our beautiful campus (including state-of-the-art teaching tech), handle the logistics of getting students registered for the course, share your course with our network, and we'll provide funds for up to 4 student assistants who can help manage things! (And yes, we pay you - 60% of the course registration fees we collect!)

What's in it for us?

We get to include the very best our community has to offer – you – in providing innovative educational pathways for the children of Northern Nevada!

Please see our proposal form for more information. If you have questions, please call us at (775) 445-4210 or e-mail conted@wnc.edu. Proposals are due on September 9.
