- 4. College Updates by President Dalpe** **Information Only**
The IAC was created to keep a pulse on the community. We meet twice a year, once in-person and once on Zoom. I also meet individually with all of you during the year. A presentation has been put together to show milestones of what has been accomplished over the past year and

what we will be doing over the next academic year. The focus will be to engage more non-high school students going forward.

President Dalpe's presentation is attached.

- 5. Discussion regarding non-high school population enrollment** **Information Only**
President Dalpe shared the goal to recruit from non-high school populations, more the working adult population. We are currently seeing employers that don't want to let employees go to train and skilling them up. Looking for unique programs for WNC such as aviation in Fallon.

Being that the council is from different industries, what are you seeing? What are you hearing?

Chair Richardson - How about the average high school student who doesn't have aspirations to go to college; graduates and doesn't know what is available. Is it possible to have scholarship information at the place of employment?

Michelle Joy - Is there an opportunity at the place of the employer for recruitment?

Wendy Loomis - How about credit for experience?
- 6. Remarks from WNC IAC Chair Cary Richardson** **Information Only**
