Summary of Discussion	President Burton gave Student Life and Student clubs \$25k to come up with events to get enrollment up. College Day will be the biggest event planned as of this date. Lilly has planned that for the first 15 students that apply for college we would give them a free class so that they can get 15 credits. Lilly had ideas set for each month to get people to come to the college and have them wonder around the college at awe and peak their interest. September we could invite high school student government and have them check out the college and explain why this college is awesome. Also try and educate the community that the CTE programs will be a great asset to get here at WNC for future fields that will open up in the next few years. Also for College Day, having a pet rock type of give away during the event.
